SALARY SURVEY REPORT

1992-93

PLEASE NOTE: THE 1991-92 SALARIES INDICATED IN THIS REPORT ARE THE BASE RATES (DOES NOT INCLUDE PAY EQUITY) CURRENTLY PAID AND ARE NOT THE RATES APPROVED FOR 1991-92 BY THE CIVIL SERVICE COMMISSION IN MARCH, 1991.

THE DATA INCLUDED IN THIS REPORT WERE COMPILED PRIOR TO JANUARY, 1992 AND RECOMMENDATIONS BASED THEREON ARE PRELIMINARY. IN PARTICULAR, CURRENT PRIVATE INDUSTRY DATA WERE NOT RECEIVED IN TIME FOR INCLUSION IN THIS PUBLICATION.

THE CIVIL SERVICE COMMISSION WILL PRESENT TO THE BOARD OF SUPERVISORS FINAL SALARY RECOMMENDATIONS FOR 1992-93 BASED ON THE LATEST PRIVATE AND PUBLIC SECTOR DATA AVAILABLE CIRCA MID MARCH 1992.

7 171 48550 SFPL 12/20/02 SFPL: ECONO JRS 79

PROPOSITION B - COLLECTIVE BARGAINING

In November, 1991 the electorate approved Proposition B which added Section 8.409 to the Charter which allows represented Miscellaneous employees to engage in collective bargaining to set wages, benefits and working conditions. Employees who are unrepresented as provided by Propositon B are no longer subject to Charter Sections 8.401 and 8.407. They are now subject to new Charter Section 8.409.

Therefore, and as a result of unresolved representation elections and administrative appeals, some classes in this report may be subject to Charter Section 8.409. In such cases affected classes appear in this Salary Survey Report for informational purposes only.

SALARY SURVEY REPORT

1992-93

In accordance with applicable provisions of the Charter of the City and County of San Francisco, data displayed on the following pages were collected for 55 "benchmark" classifications by the Civil Service Commission staff from Bay Area public agencies in the counties of Alameda, Contra Costa, Marin, San Francisco, San Mateo and Santa Clara; the ten most populous cities in these counties; San Jose, Oakland, Daly City, Berkeley, Hayward, Fremont, San Mateo, Concord, Santa Clara, Sunnyvale; and agencies of the State and Federal governments, school districts and other special districts in the six Bay Area Counties.

Where it was determined that insufficient salary and wage data were available from Bay Area public jurisdictions, the staff surveyed major public agencies in other parts of the State which employ more than 3,000 persons.

Additionally, private basic pay rate data are included in the survey and were collected by a recognized governmental Bay Area salary and wage survey of private employers in the Bay Area cities and counties listed above.

In collecting data for the benchmark class, the Civil Service Commission staff endeavors to gather data from at least five agencies employing at least two employees for every one City and County employee in the benchmark class. While this is only a general guideline and not a firm rule, efforts are made to achieve that goal.

There are approximately 29,156 permanent positions established in the City and County service, exclusive of certificated personnel in the Board of Education and members of Boards and Commissions. The compensations for these employments are fixed as follows:

Type of Employment	No. of Classes	No. of Positions	Method
Miscellaneous, including Trades and Crafts employees	1,615	21,824	Rates set in accordance with generally prevailing wages for like services and working conditions in private employment and in other comparable governmental organizations in the State of California. Charter Section 8.400, 8.401 and 8.407. A complete study of internal adjustments has not been completed as of this printing. Such studies and reports will be presented to the Civil Service Commission for its consideration during the remainder of the salary standardization procedure.
Transit Operators	1	1,833	Rates set yearly, not to exceed the average of the two highest wage schedules paid comparable classifications by transit systems employing not less than 400 transit operators and operating in United States cities with a population of 500,000 or over. Charter Section 8.404. 9163 Transit Operator Basic Rate $17.55 per hour. (Monthly equivalent $3065).
Police and Fire	39	3,485	Basic rates set through collective bargaining with binding interest arbitration. Charter Sections 8.405 & 8.509.
Airport Police	6	169	

Type of Employment	No. of Classes	No. of Positions	Method
			Q2 Police Officer and H2 Firefighter $3177 to $3679 per month ($18.19 to $21.06 per hour). 9210 Airport Police Officer $3087 to $3568 per month ($17.68 to $20.43 per hour).
Registered Nurse	22	1,390	Rates set yearly not to exceed the highest prevailing salary schedule granted by collective bargaining agreements to comparable registered nurse employees in public and private employment in the counties of Alameda, Contra Costa, Marin, San Mateo, San Francisco and Santa Clara. Charter Section 8.403. 2320 Registered Nurse - $3846 to $4498 per month ($22.02 to $25.75 per hour).
Municipal and Superior Courts	68	451	Rates set in accordance with State law. Charter Sections 4.102 and 4.103.
Superintendent of Schools	1	1	Rate set by Charter Section 5.102.
Law Library	3	3	Rate set by Department Head. Charter Section 4.104.

This report covers miscellaneous employments only. These miscellaneous employments are covered by the provisions of Section 8.401 of the Charter which provide that at least every five years a salary survey shall be made. It also provides that salary surveys shall be made more often if in the judgment of the Civil Service Commission or the Board of Supervisors economic conditions have changed to the extent that revision of existing schedules may be warranted. At the request of the Board of Supervisors, salary surveys have been made every year since 1946.

METHOD OF COMPUTATION OF PREVAILING RATES OF WAGES

Charter Section 8.407, Definition of Generally Prevailing Rates of Wages, states how the prevailing rates of wages are to be computed. This section is further amplified by the agreement between the parties settling litigation in the Corriea case, San Francisco Superior Court No. 837-759. The term prevailing rates of wages is defined as the rate ranges developed from the weighted average of (1) the midpoints of the basic rate, excluding fringe benefits for surveyed public employments and (2) the median of the pay rates for private employment.

This Charter Section stipulates that the midpoints from public employment data and the medians from private employment data are to multiplied by the number of employees in the given classification. The products of these multiplications are then added and the sum is divided by the total number of employees surveyed for that classification. The quotient is the weighted average of the midpoints and median.

This Charter Section further states that the weighted average of the midpoints and medians is to be reduced by ten percent to establish the minimum of the range and extended by ten percent to establish the maximum prevailing rate. This information appears in the starred box.
